

*Patent Leather Boots
with White Tops*

*Selby Shoe Company,
Portsmouth, Ohio*

Nothing will spoil an evening at the theatre faster than aching feet! While taking in a play or film locally, your fashion can resemble New York City theatre crowds.

The taller boot allows for the shorter hems coming into style, and in black patent leather with soft, white leather, these boots are both handsome and flexible with light-weight soles and a high Louis Cuban heel.

The fancy perforations seen in the picture add an extra touch of sophistication. The Arch Preserver (U.S. Patented) sole was designed as the very best way to ensure your feet will feel as if you have been walking on clouds all evening. A shoe of the very highest class, it is available in sizes 2 ½ to 7, widths D and E.

Price per pair, postage paid:
\$3.98
